PETITION TO MAKE SPECIAL UNDER 37 CFR § 1.102

MAIL STOP PETITION
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Pursuant to the requirements of 37 CFR § 1.102(c), attached is a Declaration of the inventor, Ralph Venuto, Sr., signed March 30, 2004. As stated in the Declaration, approximately 47 months ago, Mr. Venuto was diagnosed with inoperable cancer of the prostate and lymphoid, which are aggressive forms of cancer. At that time, his doctor estimated that he had no more than about 24 months to live. Mr. Venuto's physician has advised him to conserve his strength, and not to work past about 2pm. Mr. Venuto is generally fatigued in the early afternoon.

Though Mr. Venuto has outlived his physician's expectations, he might not be available or able to assist in the prosecution of the application if it were to run its normal course. MPEP §708.02 III (page 700-107). Accordingly, it is respectfully requested that the captioned application be made special and examined out of turn.
